# JOYTI

Joyti Music, LLC · Charleston, SC

JOYTI is the creative platform of independent musician, producer, and songwriter John Holloway. Blending smooth jazz, soul, and contemporary influences, JOYTI creates music designed to inspire joy, connection, and artistic expression.

## BIO

JOYTI represents the creative vision of musician, producer, and songwriter John Holloway. Built on a lifelong passion for music, JOYTI brings together original compositions, live performance, and digital production into a single creative platform. John's musical journey began with the piano and expanded into mastery of the flute, clarinet, and saxophone. Over time, that foundation evolved into songwriting, recording, and modern music production using digital audio workstations. Through JOYTI, John shares his music, creative collaborations, and artistic experiences — blending smooth jazz, soul, and contemporary influences while continuing to explore new sounds and creative possibilities.
